

2. Write pseudocode and Text-Block for Printing 100 to 1

- **Pseudocode (REPAT UNTIL)**

1. set $n = 100$
2. create a loop of REPEAT UNTIL
3. set the condition to $n = 1$
4. set the block of statement as $n = n-1$
5. print all of the n out each time it runs

- **Text-Block (REPEAT UNTIL)**

- **Pseudocode (REPAT n times)**

1. set $v = 100$
2. create a loop of REPEAT n TIMES
3. set the n to 100
4. set the block of statement as $n = n-1$
5. print all of the n out each time it runs

- **Text-Block (REPEAT n times)**
